TO WHOMSOEVER THIS MAY CONCERN

This is to inform, that a workshop using LEGO tools was conducted at our premise at TORM India, Mumbai premises in 2009 by Inthrface.

The workshop involved the entire staff of 85 personnel.

We believe that using LEGO as a tool to express oneself is a great concept.

The method brought people to a common thinking platform and greatly enhanced articulation of thoughts in a creative way.

I also brought out thoughts from people who otherwise would not communicate in a normal dialogue oriented workshop.

We wish to specially acknowledge the efforts of Mr. Michael Buckle and Mr. Lars Fogtmann whose expert interaction led to positive results from the team.

We wish them all success.
